

Peerzada Syed Sharaan Hussaini

Software Developer

I am looking for a supportive and encouraging environment where it is beneficial both for the organization and myself to reach heights and add unique skillsets.

WORK EXPERIENCE

- Lead Software Developer Apr, 2019 - Jun, 2022

Twilight IT Professionals

Worked as a frontend developer in building customer portals, dashboards, and mobile apps (iOS and Android) for Zyppls and Doctorite. Have good experience in handling APIs integration, implementing location services, integrating payment gateway, building modular components. Implemented real-time text, audio, and video chat using Firebase and Agora. Worked on socket programming to send and receive real-time updates. Hosted websites on Netlify and linked the domain with multiple domain providers. Managed and deployed apps both on App Store and Playstore. Integrated CMS (Prismic) for blogs and posts. Implemented Firebase notification. Integrated Google and Facebook analytics.

- React Developer Jan, 2021 - Feb, 2021

Netway

Built a product website for Netway (Parent Company) and Eway (Child Company). Integrated MailChimp for email marketing, worked on CMS (Contentful) for products list, implemented chatbot (MobileMonkey) with a live chat option, and hosted websites on Netlify.
